Family/Student Income and E-Rate Form 2010/11 School

Please complete both sides of this form!

Why should you complete the student income form if your child does not eat school meals?

The amount of federal funds this digital academy receives is dependent on the return of this completed form. Funds from this form pay for additional educational services for students who are failing or at risk of failing to meet the same high standards as everyone else in the school. The E-rate program is a Federal program which provides schools and libraries across the country with substantial discounts on their technology services.

Some of these federal funds for additional educational services are known as Title I. Our district provides additional support in reading and mathematics. The Title I law requires that funds be given to schools based on the number of children from low income families.

While the amount of money each school receives depends on the number of children from low income families, the support services are based on the academic need of the students regardless of income level.

This information will remain confidential. The information will only be reported as a total group, not by individual families, and will not be used for any purpose other than applying for federal funds.
