

I can't Connect to School!

(A) If you have dial-up, you must first connect to the Brightnet or the Clover server.

(B) Look in the upper right hand corner, find the phone Icon.  Click on that Icon.

(C) Move down the list to CONNECT.

You will see the phone dial, Authorize, then a timer will appear when you are connected.

(D) Now click on the Mozilla browser, and go to the Angel Website, <http://angel.tdalearn.org> , and log in to school.
